Strengthening National Evaluation Policies and Systems is one of the eight themes of the Asia Pacific Regional Evaluation Strategy. South Asia regional consultation on NEPS in 2014 and Asia Pacific regional consultation on NEPS in 2016 mobilized several actors and countries to strengthen NEPS. Let's continue the dialogue.

VOPE leaders, parliamentarians, government representatives, development partners, evaluation advocates and civil society members are warmly invited to participate.

The virtual forum will include insights from NEPS specialists, technical sessions and presentations from participating countries.

Your participation is highly appreciated. Please register here by 7th December to receive the confirmation and the link.
