

CALL FOR PROPOSALS

(Re-advertisement)

The UNESCO Underwater Cultural Heritage Unit is looking for a team of experts/evaluators to carry out a renewal evaluation of the International Centre for Underwater Archaeology, a UNESCO Category 2 Centre based in Zadar, Republic of Croatia.

Proposals should reach UNESCO by **3 July 2021 (deadline extended)**.

Context

Category 2 institutes and centres under the auspices of UNESCO are a global network of institutions of excellence in the Organization's domains of competence. Given their expertise, these institutes and centres contribute to the implementation of UNESCO's priorities, programmes, and global development agendas during a defined period. They foster international and regional cooperation, research, knowledge production, policy advice, and capacity enhancement. Though independent of UNESCO, category 2 institutes and centres are a privileged partner of the Organization with access to UNESCO's logo, international and intergovernmental bodies and networks, and may leverage UNESCO's international reach and convening powers. Category 2 institutes and centres under the auspices of UNESCO are an integral part of the Organization's Comprehensive Partnership Strategy.

The UNESCO Strategy for Category 2 Institutes and Centres under the auspices of UNESCO¹ provides that an agreement for the establishment of a category 2 institute or centre is typically concluded for a defined time period, not exceeding eight years. The agreement may be renewed by the Director-General, with the approval of the Executive Board, in light of an evaluation of the activities of the institute/centre and of its contribution to the strategic programme objectives of the Organization and the aforementioned Strategy.

The 34rd session of the General Conference, in its [34 C/Resolution 40](#), approved the establishment in the Republic of Croatia of the International Centre for Underwater Archaeology (hereafter, 'the Centre'). An agreement between the Government of the Republic of Croatia and UNESCO was signed accordingly. Following the first evaluation undertaken in 2015, a new agreement was signed between UNESCO and the Government of the Republic of Croatia in 2016, which entered into force on 23 February 2017 for the period of six years (2017-2023). The Government of the Republic of Croatia submitted a request for renewal of the agreement. To this end, an evaluation of the Centre will be carried out.

The objectives of the Centre are to:

- a) strongly promote the 2001 Convention and its implementation in the European Union, Southeast Europe and in other Member States of UNESCO;
- b) Function as focal point and provide a platform for dialogue and participation in the field of underwater archaeology within the European Union, Southeast Europe and worldwide;

¹ Available at <https://unesdoc.unesco.org/ark:/48223/pf0000373390>

- c) train underwater archaeologists and conservation specialists, nationally and internationally, practically and theoretically;
- d) improve, through the fostering of international cooperation, scientific research on underwater cultural heritage sites, analysis of finds and their presentation and restoration of objects recovered from the water, as well as seek to join international efforts in this area;
- e) foster and facilitate the exchange of knowledge in the discipline of underwater archaeology in the European Union, Southeast Europe and in State Parties to the 2001 Convention;
- f) organize international conferences and workshops; and,
- g) educate the public in order to raise awareness on the underwater cultural heritage among the public at large.

Purpose

The main objectives of this evaluation are to assess the Centre's performance with respect to its objectives (see above), and its contribution to UNESCO's Approved Programme and Budget (C/5), including global strategies and action plans as well as sectoral programme priorities. The conclusions of the renewal evaluation shall be submitted to the UNESCO Intersectoral Review Committee that will make the recommendation to the Director-General as to whether an agreement with the Centre should be renewed or not. Based on this recommendation, the UNESCO Executive Board will examine the renewal request, decide on the renewal or non-renewal of the designation of the Centre as a category 2 centre under the auspices of UNESCO and authorize the Director-General to conclude an agreement with the Government of Croatia.

The conclusions of the renewal evaluation shall be shared with the Government of the Republic of Croatia and the Centre, and will be made available on the website of the 2001 Convention on the Protection of the Underwater Cultural Heritage (www.unesco.org/culture/underwater).
